

Founded 1985, Soddy-Daisy, Tennessee. Member Tri-State Mutual Aid Association.

SEQUOYAH VOLUNTEER FIRE DEPARTMENT

Sequoyah Volunteer Fire Department was chartered as a Not-For-Profit Corporation in 1985 to provide, and to promote the provision of fire protection in the Sequoyah area. Two stations and several fire, rescue, support and staff apparatus cover approximately fourteen square miles, serving approximately 1,000 Residential Structures and a few small business structures. We provide emergency and non-emergency services such as Fire Suppression, Emergency Medical Services through our Emergency Medical Responder Contract with Dallas Bay VFD, Hazardous Materials First Response, Non-Emergency Public Assists and Public Education, Mutual Aid to the Tri-State Mutual Aid Association, Wilderness Search and Rescue, Water Search and Rescue with our partner agency Hamilton County Marine Rescue which many of our members hold dual membership. Currently we are rated with the Insurance Services Organization as a Class Three, but we are always working on upgrading our services.

We receive revenue generally from three resources. Primarily, our budget is based upon donations and subscriptions from local businesses and residents. However, we do receive some funding from Hamilton County OEM and State disbursements for operations, fuel and facilities.
